

Summit Hill Planning Commission Meeting Minutes
Thursday, January 14, 2021

Attorney Michael Garfield introduced the new solicitor for our planning commission, Attorney Jamison. Together they assisted the members with reorganization for the new calendar year. After the nominating process concluded, the officers for the calendar year of 2021 are as follows: Chairman Wayne Gryzik, Vice Chairman James Holmes, and Secretary Nathan Halenar.

Engineer Gregory Haas from Carbon Engineering explained the purpose of this meeting relating to the Robertshaw Minor Subdivision of the family property at 462 East White Bear Drive. Brent Birth of Stone Corner questioned the solicitors about a policy related to power of attorney as Mrs. Robertshaw is currently under care for medical issues. The family is seeking to retain a parcel of the land when the family home is sold.

After a lengthy discussion the solicitors, in consultation with the engineers, encouraged the body to offer conditional approval and to also accept the granting of waivers in accordance with that Carbon Engineering has proposed. That motion was made by Nathan Halenar and seconded by James Holmes and it passed unanimously.

With no further business to be dealt with by the commission, a motion was made to adjourn the meeting by George Ruzicka and seconded by Wayne Gryzik.

-Submitted by Nathan Halenar, Secretary
